

SUMMER 2018 FEDERAL/STATE JUDICIAL INTERNSHIP PROGRAM

WHY YOU?

With more than 200 iJudges, JRC-JTB has direct pipeline access for you to compete for judicial internships in hot legal markets including but not limited to; California, Connecticut, Washington, DC, New York, Alabama, South Carolina, Virginia, Maryland, and more!

TANGIBILITY.

A judicial internship will allow you to be hands on and work on creating legal briefs, reading cases, writing bench memoranda, and drafting judicial opinions under guidance of a judicial law clerk and judge. Our successful JRC-JTB interns are more likely to secure multiple interviews in on-campus job interviews than their colleagues who do not intern with a judge.

THE CORRELATION BETWEEN JUDICIAL EXTERNSHIPS AND FUTURE EMPLOYMENT.

Our track record shows a definite correlation between JRC-JTB interns and judicial clerkships and jobs in law firms. We've had 40+ summer interns become judicial law clerks and many more who are now associates in law firms.

DON'T MISS OUT!
