6. Description of your company:

At Boston Scientific, we work collaboratively to solve healthcare's toughest problems by developing solutions that matter most to those suffering from debilitating and life-threatening conditions and the healthcare professionals who provide their care. Across 100+ countries, we help providers deliver care more effectively by reducing costs, increasing efficiencies and expanding access to care to help more people in more places live longer, healthier lives.

We go beyond our mission of transforming patient lives by investing in the future and the well-being of our employees and our planet. Our commitment to sustainability is evident in our Newsweek ranking as the 16th greenest company in the U.S. We also strive to foster a diverse and inclusive work environment and provide opportunities for our 28,000+ employees around the world to serve in their local communities.

7. Mission: **Boston Scientific is dedicated to transforming lives through innovative medical solutions that improve the health of patients around the world.**
