

Case of Dana and Jan Putnam - Cover Emails to Students re Initial Instructions

Attached is the information for your role in the extended simulation that will begin on _____.

PLEASE READ THE INSTRUCTIONS CAREFULLY AND FOLLOW THEM.

During the several weeks we do this simulation, I will provide additional information and instructions, so check your email regularly.

FROM NOW ON, IF YOU CANNOT ATTEND A CLASS, BE SURE TO EMAIL ME AND THE STUDENT(S) YOU WOULD BE WORKING WITH IN THAT CLASS TO LET US AS SOON AS POSSIBLE.

Attached is an assessment form for you to complete for every class. Your next paper will be an assessment of one challenging issue based on this simulation, so I suggest keeping these forms to help you write your paper.

If you have questions about the simulation during this period, feel free to ask me in class, by email, or otherwise.
