

John Thompson

John Thompson is a Senior Legal Director for the Medtronic Restorative Therapies Group and the Neurosurgery and Specialty Therapies businesses. John joined Medtronic in 2003 at Medtronic Spine and Biologics in Memphis, Tennessee. Prior to Medtronic, John worked for 5 years as Senior Legal Counsel for General Electric at their Corporate Research and Development facility in New York. John also worked in private practice for 5 years at law firms in Denver, Colorado and practiced litigation, intellectual property and transactional law. Prior to law school, John worked for 7 years as a Senior Project Engineer for the US Army Armament Research, Development and Engineering Center and designed armament and tank munitions systems. In addition to his JD degree, John also holds a Bachelors degree in Electrical Engineering and a Masters degree in Materials Engineering.
