

Procedure for Posting Recent Scholarship on Mitchell Hamline Open Access

The library will happily post your published, scholarly articles to [Mitchell Hamline Open Access](#). To ensure the most accurate and quickest posting possible (within one work day), supply the following information to Sean Felhofer (sean.felhofer@mitchellhamline.edu) Failure to provide any of the requested information will delay posting of your article.

1. Electronic copy of the article

- Word (preferred)
- PDF (acceptable)

2. An abstract for the article

- No more than 500 words
- A distinct summary of the paper or a portion of your introduction
- If you do not supply an abstract, we will use the first and/or last paragraph

3. Keywords for the article

- Supply 5-10 keywords
- Choose words a reader might use to search for your topic – not just words that you use.
- If you do not supply keywords, we will pick 5-10 keywords from your abstract and/or title

4. Subjects

- Choose up to three subjects from the list found at the end of this document
- If you do not supply subjects, we will select them based on our understanding of your article

5. Copyright information

- Supply a copy of your author agreement (or that portion of the agreement which contains copyright ownership provisions).
- If you have not yet signed an author agreement, include this (or similar) language in order to retain the right to make the article digitally available:
 - The Author shall also have all the non-exclusive rights necessary to make, or to authorize others to make, the final published version of the Article available in digital form over the Internet, including but not limited to a website under the control of the Author or the Author's employer or through any digital repository, such as the Social Science Research Network (SSRN).

6. Co-authors

- Provide all names of co-authors. You may also want to contact them and let them know that the article is going to be posted to Mitchell Open Access.
