

Request to Add Competition

Please use this form to register for a competition. **Separate registration forms must be submitted each term for each competition to confirm credit allocation and good academic standing. This form should be submitted by the add deadline for the selected term.** The credits must be awarded in the academic year in which the work is completed and cannot be added to or dropped from a term after the term has ended. MHSL's credit hour policy for co-curricular activities is as follows:

Academic credit will be awarded for work on a law review, journal, competition team, internship with a professor, or other co-curricular activity upon determination that the student has completed at least 45 hours of work per credit hour awarded. Students are responsible for tracking their time according to the policies and procedures that apply to the activity involved. Prior to submitting grades for co-curricular activities, faculty advisors, competition coaches, or supervising faculty members are responsible for verifying that each student has logged sufficient hours to justify the award of academic credit to that student.

Students must be in good academic standing to participate in a competition.

The competition director or your competition coach must sign this form to verify your eligibility to enroll for the credits indicated. Electronic signatures can be accepted only if form is sent through the Mitchell Hamline email system.

Credit Allocation Policy: Rule 1.06 requires that you complete 45 hours of work to earn 1 competition credit. Your credit allocation must be consistent with MHSL credit policies as published in the Course Catalog. Credits must be appropriately allocated to the semester in which the competition preparation and/or completion is/are held. In the event credit allocations need to be modified, the student will be responsible for submitting the credit change form, with approval from the competition coach/director.

All credit changes must be received no later than one-week prior to that semester's final exam period. You may allocate credit in different terms, so long as you estimate will complete 45 hours of work in any term in which you request a credit. If you are in doubt about to which term you should allocate a credit(s) please consult with your coach or the director of competitions.
