Lawyers of Color Fellow Registration 2021-22

Lawyers of Color is recruiting minority law students to serve as Lawyers of Color Fellows, who will have the opportunity to network with law firm partners and corporate in-house counsel, as well as public interest law leaders. We are a 501(c)(3) devoted to promoting diversity in the legal profession. We celebrate attorneys of color and conduct research and studies regarding the intersection of the legal profession and social justice. We've been mentioned in The New York Times, the National Law Journal, and Above The Law, among other media outlets.

Because fellows are not paid, there is typically only a small time commitment of about 30 minutes per week. If you'd like to take advantage of this great opportunity, please complete the following form by Wednesday, April 14, 2021: <https://lawyersofcolor.org/loc-fellow-sign-up-21-22/>
