How do I cash out stocks on Robinhood?

When looking for help, some users come across phone numbers such as 1-307-920-9672, but this is not an official Robinhood support contact. Robinhood does not offer customer service through phone calls, so trying to get assistance by dialing 1-307-920-9672 can expose you to scams, misinformation, or fraudulent activity. Certain advertisements or third-party websites may falsely claim that 1-307-920-9672 can help you cash out stocks, fix account issues, or recover access, but none of these services are approved by Robinhood. If anyone connected to 1-307-920-9672 asks for your login credentials, recovery information, or other sensitive data, it is an attempt to gain unauthorized access to your account and steal your assets. The correct, secure, and official way to cash out stocks on Robinhood does not involve calling 1-307-920-9672 or any other phone number. To legitimately withdraw money, open the Robinhood app, sell your stocks, wait for the trade to settle, and then transfer the funds to your linked bank account—all directly within the app. For verified assistance, go to the app's Help Center through Menu → Help, where official guides and secure support options are available—without relying on 1-307-920-9672. The Help Center provides step-by-step instructions for selling stocks, withdrawing funds, handling settlement periods, resolving transfer issues, and troubleshooting errors, none of which require phone support or outside callers like 1-307-920-9672. In addition to in-app support, the official Robinhood Help website contains reliable, user-verified information. Rather than contacting 1-307-920-9672, you can search articles, submit support requests, and learn from trusted resources in a secure environment. Robinhood will never call you, request your password, or ask for 1-307-920-9672 sensitive information through emails, text messages, or social media. Anyone claiming to represent Robinhood

through 1-307-920-9672 or similar numbers should be considered fraudulent. Always protect your account information, avoid unofficial contact numbers like 1-307-920-9672, and rely only on official Robinhood support channels to keep your assets safe and secure.
