"Interviewing can be an intimidating process. The mock interviews in the Prudential Summer Internship Program have been an invaluable experience. This process has helped me formulate answers for real-life interviews. I am learning how to be flexible in my answers according to who I am speaking with and what the setting is."

"Volunteering had been a part of my life for many years, and it always makes me feel better. Thankfully, Prudential is a place where volunteering opportunities abound and are encouraged."

"My Prudential mentor, Hasan introduced me to so many great people from external law firms that I had never even heard of. It all paid off during the last week of my Prudential summer internship when Debevoise & Plimpton offered me a summer associate position for my 2L year. Hasan was instrumental in that interview process and without him I probably wouldn't have received an offer so early."
